

NUMAN USMAN

Certified Emergency Nurse • Mining Emergency Responder • Health Informatician
Obuasi, Ashanti, Ghana | 0206484034 / 0546979534 | nusman@agahealthfoundation.org

PROFESSIONAL PROFILE

Registered General Nurse specializing in Emergency Nursing with over a decade of frontline trauma and emergency care, including dedicated service at the AngloGold Ashanti Obuasi Mine emergency response. Combines hands-on mining emergency response, mass casualty and disaster management, and medical evacuation with emergency moulage simulations and drills expertise. A calm, physically active team player who performs reliably under strenuous conditions and is committed to safe, prompt responses. Speaks English, Twi, Hausa, and Dagbani.

CORE SKILLS

- Mining Emergency Response
- Mass Casualty Incident (MCI) and Disaster Management
- Basic & Advanced Life Support (BLS / ACLS) and Advanced Trauma Life Support (ATLS)
- Medical Moulage application for Realistic-looking Drills and Simulations
- Cyanide & Heavy Metals Exposure Response
- Medical Evacuation (Helicopter/Air & Ground)
- Minor & Major Suturing; POP Application; Burns & Acute/ICU Care
- Emergency Operations Plan (EOP) Development
- Staff Training & BLS / First Aid / CPR Instruction. Community BLS/CPR training & engagement
- Road Traffic, Safety and Accident Prevention Advocacy, targeting learners in driving schools

WORK EXPERIENCE

Senior Nursing Officer — Supervisor - Emergency Response Unit AngloGold Ashanti Health Foundation (AGAHF), Obuasi

Apr 2023 – Present

Provide as well as Supervise emergency care across AGAG first aid posts (FAPs); manage human and material resources, medication and consumable inventory, patient data, analytics, and incident reporting, illicit drug and alcohol testing and reporting.

- Completed 6-month underground familiarization at AGA Obuasi Mine (November - April 2026)
- Modernized and digitized emergency response operations and instituted prompt incident response and reporting at the FAPs with **Mineaid HMS (Awaiting official approval/adoption)**.
- Facilitated **AGA-organized Basic Life Support training for health workers** (Aug 2025).
- Named 2025 GRNMA District Best Nurse for Obuasi.
- Founded the Usmaniyya Foundation for Basic Emergency Care and bystander CPR training.

Nursing Officer — Emergency Nurse

Aug 2019 – Apr 2023

AngloGold Ashanti Health Foundation (AGAHF), Obuasi

Provided prompt, safe emergency and trauma care to AGA Obuasi Mine workers and the community at the EMS First Aid Posts and the Emergency; served as clinical coordinator, inventory manager, and ward statistician for the Emergency Department.

- Delivered Basic Life Support and Advanced Trauma Life Support in the ED and underground/mine settings.
- Managed road traffic accident cases, major and minor suturing, POP application, and 9-lead EKG/cardiac monitoring.
- Triage patients using the South African Triage Scale; conducted alcohol and illicit drug testing.
- Reduced medication wastage through improved stock management and documentation.
- Provided monthly and quarterly statistical data that helped reduce ED mortality.

Ward Manager (Nurse-In-Charge) — Accident & Emergency Unit

Sep 2017 – Oct 2019

GHS / Government Hospital, Sampa – Bono Region

Managed the A&E unit with limited human and material resources; prepared rosters, supervised staff, and developed daily operational protocols.

- Established a triage system using the South African Triage Scale.
- Trained over 60% of clinical staff on Mass Casualty Incident management and assigned response roles.
- Created emergency care protocols and proposed an emergency operations plan for the hospital.
- Conducted workshops on BLS, triage, and oxygen therapy, reducing medical oxygen wastage.

Charge Nurse — Casualty Unit

Feb 2012 – Aug 2015

GHS / Government Hospital, Sampa

- Spearheaded the creation of the Casualty Unit, providing prompt emergency care to accident and trauma victims.
- Educated hospital staff on health and safety through workshops and advocacy.

Additional Emergency Response Experience

- **Emergency Operations Planning (EOP):** Helped develop EOPs for 7 selected hospitals in Greater Kumasi.
- **MCI Moulage Simulation:** KATH A & E and TTH A & E.
